ENCOURAGING SPIRITUAL UPDATES!

69% *138 out of the 200 beneficiary homes have been visited so far by a field monitor or IFOSuD staff member for discipleship!*

One of IFOSuD's most effective practices is the routine of visiting our beneficiaries at their homes. This builds a relationship between the field monitors and a large majority of the community. The field monitors take the time to learn about the entire family and pray for any concerns they have. This practice is a unique way to connect with the beneficiaries in a Christ-like manner. Many beneficiaries consider this the best part of their training; having a field monitor who cares for them personally is something they cherish deeply.

From these visits,
we found that at
least **2 members**
of each household
have accepted
Christ!

TECHNICAL PROGRESS

75%

*174 out of the 233 beneficiaries have received loans so far and **50%** of those loans **have been collected and are being reimbursed** toward a second round of loans for the coming growing season!*

THE IFOSUD TRACTOR

Within the last quarter, the IFOSuD tractor has served 888 contracts. This is an incredible source of income for IFOSuD and an effective way to gain visibility in the community as well.

However, 75% of the tractor's expenses were from fuel and maintenance costs. This has forced the IFOSuD staff to increase the price per unit which has led to a decrease in demand.

We need to replace three implements in the tractor in this next quarter to ensure that everything continues to run smoothly

Would you consider supporting IFOSuD 's tractor this quarter?

HOW CAN YOU SUPPORT IFOSUD IN PRAYER?

- ~ Pray for beneficiaries to experience God so they become more spiritually responsible.
- ~ Pray for the ability of the staff members to communicate how precious each beneficiary is in God's eyes.

Help us to complete the IFOSUD BIBLE PROJECT!

\$6,500 = ONE BIBLE FOR EVERY BENEFICIARY!

Our goal is to get a Bible into the hands of every beneficiary in our program. The Haitians can listen to Bible stories at Farmer Field School, but true transformation happens when they take ownership of their faith and spend time in the Word on their own.

You can make this possible!
