

PLANT A SEED. GROW A NATION.

SPIRITUAL TRAINING

This month the beneficiaries are learning about the story of Abraham. One of the stories John, Megan, Katy, Amy, and Rachel got to listen in on was the story of Abraham and Isaac. The beneficiaries really admired Abraham's faith when God commanded him to sacrifice his only son. They all held fast to the powerful promise from that story: *God will always provide for our needs.*

The effective part of our spiritual training is that the beneficiaries are taught each Bible story and then asked to repeat it to the group so they are able to go home and share with their families, friends, and communities!

TECHNICAL TRAINING

The technical training has just begun. The farmers are currently learning the differences between bad and good seed, and are also learning about the importance of composting.

BENEFICIARY PRACTICING VOODOO ACCEPTS CHRIST!

Jean Felicia had been practicing voodoo for 25 years when she was chosen as a beneficiary with IFOSuD. Within the first few weeks of spiritual training, she accepted Christ and has been freed from the bonds of voodoo!

She has nine children and provides for them all on her own. Tears rolled down her cheeks as she looked back on how hard it has been to provide for her children in the past, but now, she has hope!

IFOSuD has been able to provide her with the knowledge to earn enough to take care of her family while introducing her the greatest gift of all, eternal life!

UPDATE : P A P A Y A N U R S E R Y

There are 1,000 seedlings in the nursery that are ready to be planted. This program has the potential to help IFOSuD create a self-sustaining profit, while aiding our small business beneficiaries as well!
